

High Lumen Round 800W Led Field Lights Sport Light For Indoor Stadium

Our Product Introduction

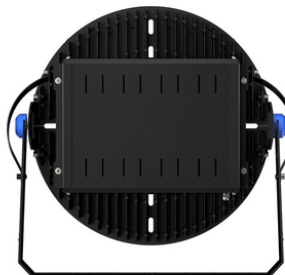

Basic Information

- Place of Origin: Shenzhen
- Brand Name: UShineray
- Certification: FCC, CE, EMC, RoHS, LVD
- Model Number: YXR-QC-800W-E
- Minimum Order Quantity: 1pcs
- Payment Terms: T/T, Paypal, Western Union

Product Specification

- Application: Football Field, Tennis Court, Hockey Field,
- Beam Angle(°): 15°/30°/45°/60°
- Warranty: 5-years
- Color Rendering Index(Ra): Ra70
- Light Source: SMD LED
- Support Dimmer: Yes
- Types: LED Sports Light
- Power: 800W
- LED Chip: Lumileds 3030
- LED Driver: MOSO
- Highlight: round led Field Lights For Indoor ,
round sports lighting fixtures ,
High Lumen 800W led Field Lights

Product Description

High Lumen Round 800W Field Lights Sport Light For Indoor Stadium

Enhance your indoor stadium with our 800W field lights, designed for high lumen output. These powerful lights provide bright, clear illumination, ideal for indoor sports events and activities. With their high light intensity, they ensure excellent visibility and performance in large indoor venues.

Product Features

Anti-Scatter Brim: The lamp includes a brim to control light direction, reducing scatter and waste, and providing anti-glare benefits.

Non-Yellowing PC Lens: Features a high-performance PC lens that resists yellowing, ensuring long-term clarity and light quality.

Waterproof Power Supply: Housed separately in a waterproof iron shell, offering efficient heat dissipation and a longer operational life.

Secure Mounting Bracket: Designed for enhanced installation stability, providing a strong and reliable mounting solution.

Product Parameters

Model	YXR-QC-800W-E
Power	800W
Lumens(lm)	120000
Other Power Options	300W/400W/500W/600W/1000W/1200W/1600W/1800W
Weight(kg)	24
Sizes(mm)	697*649*520
Efficacy	150lm/W
CCT	2700-6500K
CRI	≥70Ra
LED Chips	Lumileds 3030
PF	>0.97
Input Voltage	AC100-277V(Moso)
Beam Angle	15°/30°/45°/60°
Work Temp	-35~55°C
Humidity	15%~90% RH, no condensing
Finish	Sprayed with outdoor special powder
Life Span	≥50,000 Hrs (LM80 @ 35°C)
IP Grade	IP66
IK Grade	IK08
Body material	PC lens + Aluminum housing
Power Wire	Rubber cable(3*1.5mm²) L=0.3m
Electronic safety grade	Class I

Product Details

LED Sports Lights

E Series Specifications

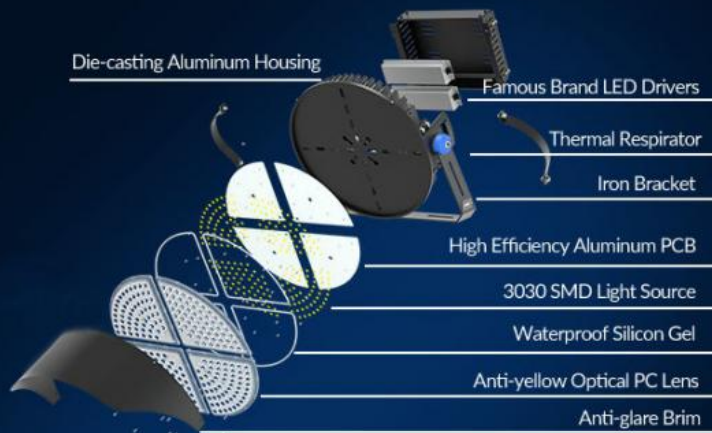

— 300W~1800W — 150lm/W

ADC12 die-cast aluminum heat sink

Heat dissipation efficiency up to 96W/M.K..

High thermal conductivity aluminum substrate, rapid heat dissipation, reduce light decay.

IP66 Whole Lamp Protection

Silicone waterproof sealing strip UV-resistant material, reliable without failure, durable.

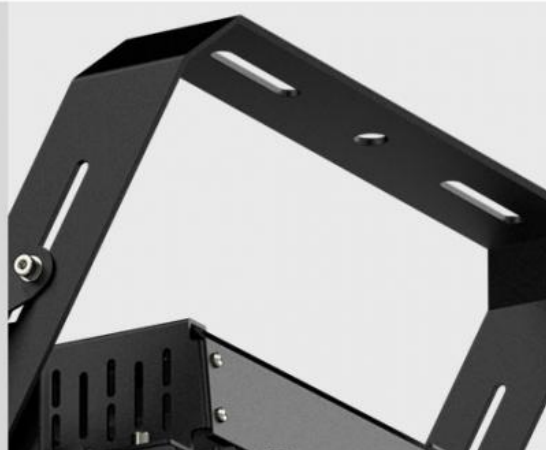

— Show Details —

With lamp brim to prevent light from scattering to the sky and reduce the light waste, anti-glare.

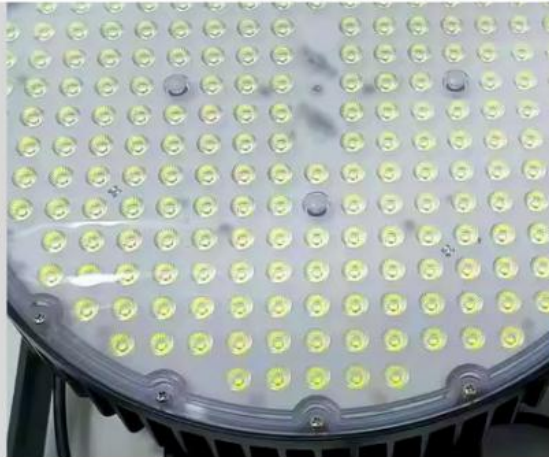

Strong bracket for firmer installation.

High efficiency Moso driver or other famous brand power supply is used, constant current and voltage, with shortcircuit, over-voltage over-current, over temperature protection the efficiency up to 95%.

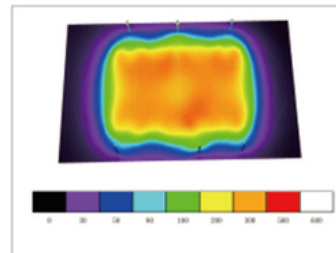

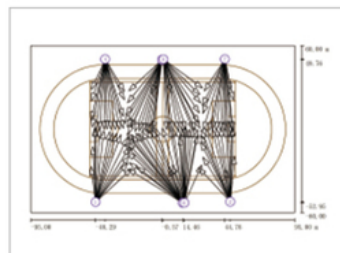

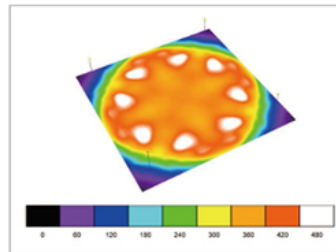

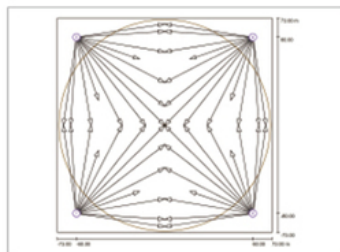

High light transmittance >93%, using brand 3030 LED chips, light efficacy is up to 150lm/W, good CRI, low heat and long lifespan.

Lighting simulations

Our optical system takes the dimensions of the sports field, the light quality and minimum lux into consideration.

The average lux and the uniformity ratio comply with IES RP-6 and EN 12193

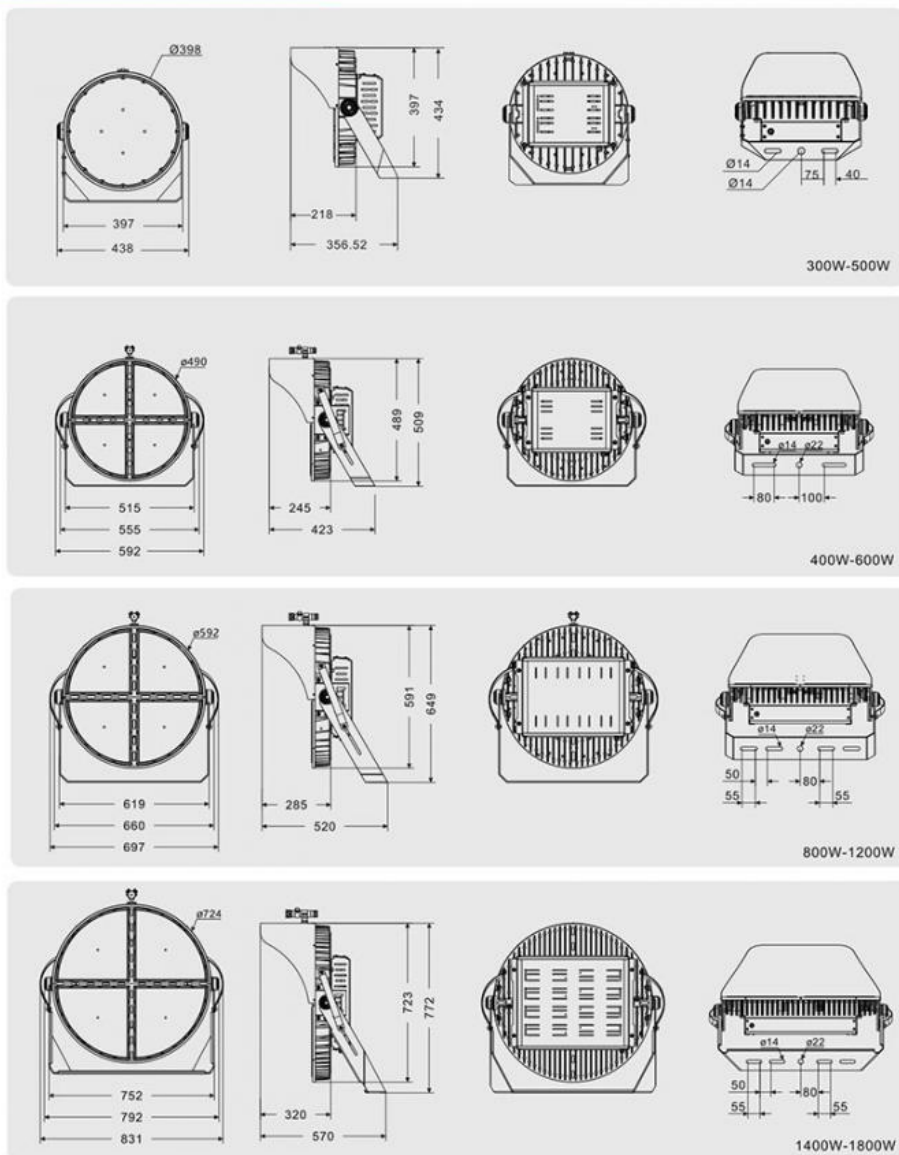

UShineray Lighting can supply below services for your projects:

- Providing LED energy-saving program
- Free lighting project solutions consultation
- Lighting and circuitry design
- DIALux calculation and visualization
- Auto CAD layout

Applications

Outdoor sports arena, Outdoor venues, Football field, Tennis court, Hockey field, Rugby pitch, Riding arena, Volleyball court, Outdoor water polo, Training pitch, Training fields, Backyard lighting, Ski resorts, Parking lot, Parking squares and other outdoor lighting places.
