Product Description

Wide Illumination 1000W Sport Stadium Light led athletic field lighting for Crane

The 1000W LED athletic field light provides wide illumination, perfect for cranes and large machinery. Its extensive light distribution ensures that every area of the field is evenly lit, enhancing safety and operational efficiency. Designed for industrial use, it delivers comprehensive visibility and uniform lighting.

Product Features

Adjustable Single Module: The lamp features a single module with a robust, reinforced bracket that allows for a 180° adjustment, providing flexibility in directing light.

Blackout Brim for Glare Reduction: The built-in blackout brim reduces glare and controls light spill, improving the effectiveness of the illumination.

High-Transmittance Optical Lens: Equipped with an optical lens offering high light transmittance and frosted finish, with beam angles of 10°, 20°, 40°, and 60° for precise lighting.

Moso Brand Driver: Uses a Moso driver known for its protection against lightning and explosions, with waterproof and dust-proof features that ensure consistent LED performance.

Advanced Radiator Design: Features a three-dimensional radiator made of thick aviation aluminum, providing excellent heat dissipation and resistance to high temperatures and corrosion.

IP66 Waterproof and Sealing: The fixture is designed with an IP66 rating, waterproof joints, and sealing gaskets to ensure reliability in challenging environments.
