Product Description

AC220V 1500W led stadium light spotlight for Football Pitch

Enhance your football pitch with our 1500W LED stadium light, designed for AC220V power systems. This robust fixture delivers bright, consistent illumination, ensuring clear visibility and safety on the pitch. Its high-powered design is perfect for stadium lighting, providing reliable performance for football games and events.

Product Features

Single Module with Adjustable Bracket: Features a single module that can be adjusted up to 180° with a sturdy, reinforced bracket, allowing precise control of light direction.

Blackout Brim to Reduce Glare: The fixture includes a blackout brim that minimizes glare and controls light spill, enhancing the quality of illumination.

Optical Lens with High Transmittance: Equipped with a professional optical lens and frosted treatment, providing various beam angles (10°, 20°, 40°, 60°) for uniform and accurate lighting.

Moso Driver for Enhanced Protection: Utilizes a Moso driver that is resistant to lightning, explosions, and environmental damage, ensuring reliable, flicker-free LED operation.

Aviation Aluminum Radiator: The thick, three-dimensional radiator made from aviation aluminum ensures excellent heat dissipation and resistance to corrosion and high temperatures.

IP66 Rated Waterproofing: Designed with an IP66 waterproof rating and secure joint connections with sealing gaskets to ensure reliable protection against water and dust.
