## Product Description

### Temperature Resistant 30W Exterior LED Floodlights 100W Flood Light for Rooftop Outdoor Patio

Our temperature-resistant 30W exterior LED floodlights, along with the 100W flood light, are designed for use on rooftops and outdoor patios. These floodlights maintain optimal performance even in extreme temperatures, providing reliable illumination for various outdoor settings. Ideal for enhancing visibility and ambiance on rooftops and patios, they offer durable construction and efficient lighting solutions for both residential and commercial applications.

### Product Features

Original design with appearance patent, molding-like cut lines and unique stylish design in thick . Compact and beautiful shape!

Reduced power consumption and increased brightness! Light efficiency 160lm/W, amazing bright but less glaring, making it ideal for work scenes.

Excellent heat dissipation performance! Luxurious use of heat-resistant aluminum and comb-shaped fins on the back allow highly efficient heat dissipation!

Even after 3 hours of continuous lighting, the temperature is kept at approximately 50°C , lowering the risk of heat-related breakdowns.

The breather valve with waterproof function keeps moisture out and prevents condensation.

Unique design -Angling the corners of the stand like origami, no need to remove the stand from the floodlight when installing, greatly reducing the installation time and labor.
