Product Description

Wall Mount 100W Flood Light Lamp LED Floodlight Outdoor for Fountain Building Facade

Our 100W wall mount LED flood light is ideal for outdoor use on fountains and building facades. This floodlight provides powerful, directed illumination to highlight architectural features and enhance the visual appeal of outdoor spaces. With robust construction and effective light distribution, it is perfect for showcasing fountains, facades, and other key elements in outdoor environments.

Product Features

Stylish and Compact: Original design with patented appearance and molding-like cut lines. Its thick, sleek shape is both compact and attractive.

Enhanced Brightness: Improved energy efficiency with 170lm/W light output, offering exceptionally bright illumination with minimal glare, ideal for work settings.

Efficient Cooling: Comb-shaped fins and heat-resistant aluminum provide excellent heat dissipation, ensuring reliable performance.

Heat Management: Keeps the temperature around 50°C after 3 hours of use, reducing the likelihood of heat-related failures.

Moisture Protection: Features a waterproof breather valve that prevents moisture entry and condensation buildup.

Easy Setup: The stand's origami-like angled corners allow for quick installation without needing to detach the stand, saving time and effort.
