

Super Bright Led Balloon Lamp 1000W LED Balloon Portable Light Tower For Construction Site

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: USHineray
- Certification: CE ROHS FCC ETL KC
- Model Number: YXR-BL-1000W-A
- Minimum Order Quantity: 1pcs
- Payment Terms: T/T, Paypal, Western Union

Product Specification

- Lumen: 160000lm
- Dimmable: 4-Level Dimming
- Product Name: 1000W LED Balloon Light Tower
- Application: Construction, Roadworks, Emergency Services
- Power: 1000W
- Tripod Max Height: 3.8m, 4.6m Or Customized
- Material: Aluminum + S.steel + PC + Fabric
- Control: Switch On-off, Knob Switch For Dimming, Remote Control
- Balloon Diffuser: Yellow/Blue/Black Top-Reflective Diffuser Or All White
- Balloon Size: D1100*H860 Or Customized
- Driver: World Famous Inventronics
- Input Voltage: AC90-305V
- Highlight: **bright led balloon lamp, led balloon lamp 1000w**

Product Description

Super Bright LED Balloon Lamp 1000W Balloon Lights for Construction Site Lighting

The Super Bright LED Balloon Lamp, equipped with 1000W Balloon Lights, delivers exceptional illumination for construction sites. This light tower offers powerful brightness and clarity, improving visibility and boosting productivity on site with its reliable and high-performance lighting.

Product Features

Advanced filter design: Prevents entry of mosquitoes, dust, and debris, ensuring superior performance and longevity.

360-degree illumination: Provides wide area lighting.

Non-glare light: Soft and diffused; Lightweight and portable.

Energy-efficient: $\geq 160\text{lm/W}$ with low power consumption.

Dimmable lighting: Brightness adjustable via adjustment knob or remote control; Includes on-off switch.

Quick setup: Foldable tripod and cover for easy assembly.

Durable balloon design: Waterproof, UV resistant, and fire retardant with over 50,000 hours of lifespan.

Product Parameter

Item No.	YXR-BL-1000W-A
Power	1000W
Input Voltage	AC90-305V
Lumen(lm)	165000
Weight(kg)	26.1
Inflated Dimension	D1100*H860
Light Efficacy	$160\pm 5\%$ lm/W
CCT	5000K or 3000K
CRI	$\geq 70\text{Ra}$
LED Chips	Lumileds 2835
LED Driver	Inventronics
PF	≥ 0.95
Dimming Control Mode	Knob switch or Remote control
Remote Control Distance	60m
Life Span	≥ 50000 hrs
IP Grade	IP65
Cable Length(m)	10
Tripod Height(min-max)	1.62~3.8m
Tripod Collapsed Height	1.8m
Tripod Footprints	1.4m
Tripod Weight	11.5kg

Product Details

Portable Inflatable LED Balloon Light

150W-1400W

High Efficiency
 $\geq 160\text{lm/W}$

Wide area coverage with 360° illumination

NO Stroboscopic

Easy Setup

Dimmable

Rapid Heat-Dissipation

No Glare

Vehicle

360° Illumination

Diffused Light

INDUSTRY-LEADING QUALITY AND PATENTED DESIGN

Aluminum Construction with powder-coated panels on all components.

Modular Panels with waterproof lenses for enhanced protection.

Built-in Stainless Steel Cage protective cover.

Superior IP65 water and dust resistance, UV resistance, and flame retardant for industrial use.

Velcro Straps for easy removal of balloon diffuser for cleaning and replacement.

1000W Illumination

Lumen up to **160000lm**
Illumination range up to 6400 m²

Equipped with a brightness adjustment knob

Polar Diagram
(Light on tripod
at **4.8m**)

Filtration device

Prevents mosquitoes, insects, dust, and other debris from entering the lamp to ensure optimal performance and a longer lifespan.

Balloon material: waterproof, sandproof, translucent, UV resistant, flame retardant.

SELF-INFLATING

Waterproof

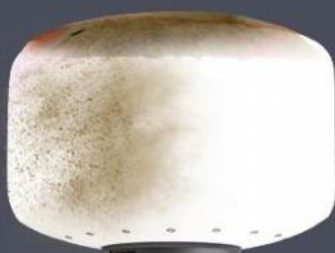

Dustproof

Anti-UV

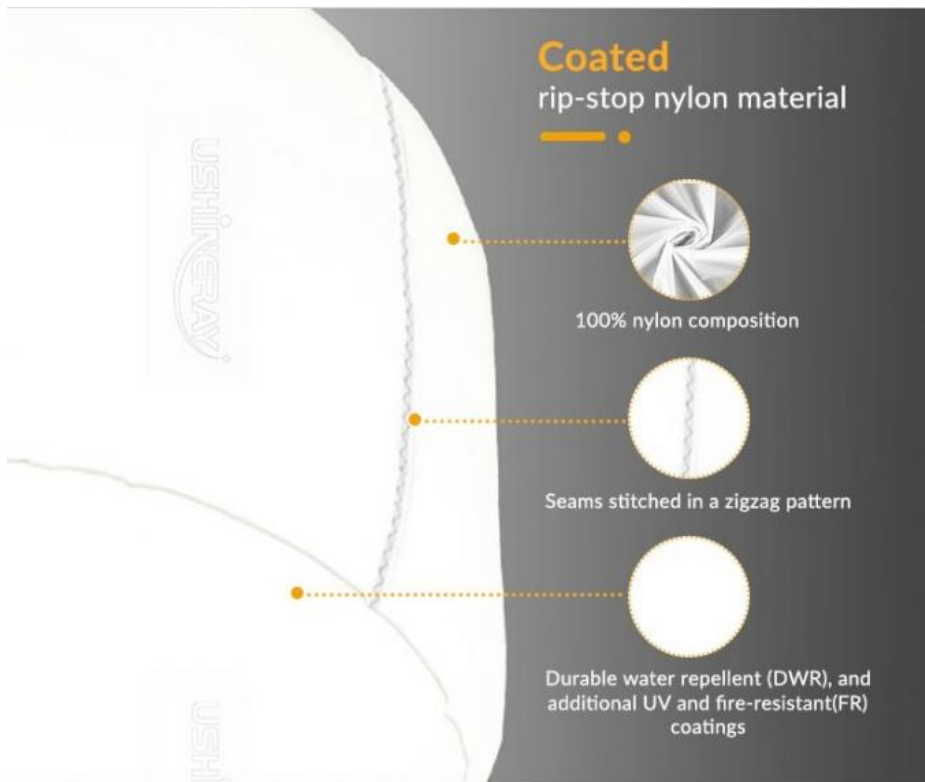

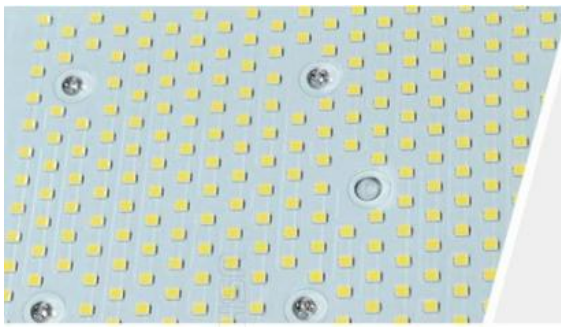

Flame retardant

IP65

No.1

Brand Philips High Brightness LED Chips

low decay, longer span life.

No.2

World famous brand Inventronics or Moso LED driver

Good stability, high efficiency, flicker free, anti-surge.

No.3

Ventilation holes

Facilitate efficient heat dissipation, preventing overheating, extend the lifespan, enhance performance, ensure safety.

Balloon Light Tripods

Multiple Options

Applications

Great for Law Enforcement Support, Construction, Parties and Special Events, Road Construction and Maintenance, Temporary Lighting, Search and Rescue, Disaster Relief, Flagger Stations, Camping, Fire & Rescue, Outdoor Activities, Film Shooting, Emergency Repairs, Farming and Agriculture, Landscaping, Mining, Forensic Lighting.

Reasons to Use 1000W Balloon Lights for Construction Sites

1000W balloon lights are highly effective for construction sites due to their powerful illumination and broad coverage. With 360-degree light distribution, these lights ensure the entire work area is evenly illuminated, significantly enhancing visibility and safety by reducing shadows and minimizing glare. This is crucial for maintaining a productive and secure environment on site. The robust design of 1000W balloon lights includes waterproof, UV resistant, and fire retardant features, making them durable and reliable in various weather conditions. Their portability and easy setup, thanks to lightweight and foldable tripods, allow for quick adjustments as construction needs change. Additionally, these lights are energy-efficient, providing high brightness with low power consumption, which helps reduce

operational costs. The adjustable brightness feature offers flexibility to customize the light intensity for different tasks and times of day, further enhancing their utility on construction sites.

In summary, 1000W balloon lights are an excellent choice for construction sites, offering powerful, reliable, and adaptable lighting solutions.
