

Outdoor Working Led Party Balloons Light 3.8m 800Watt Industrial Tower Light

Our Product Introduction

for more products please visit us on ushineraylight.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: UShineray
- Certification: EMC, RoHS, CE, FCC, LVD, ETL
- Model Number: YXR-BL-800W-A
- Minimum Order Quantity: 1pcs
- Payment Terms: T/T, Paypal, Western Union

Product Specification

- Beam Angle(°): Omni Illumination
- Lumen: 144000lm
- Dimmable: 4-Level Brightness Adjustment
- Product Name: 800W LED Balloon Light
- Application: Industrial Illumination
- Power: 800W
- Tripod Max Height: 3.8m, 4.2m, 4.6m Or Customized
- Material: Aluminum, Stainless Steel, Polycarbonate, And Fabric
- Control: On-off Switch, Dimming Knob, And Remote Control
- Balloon Diffuser: Top-reflective Diffuser Available In Yellow, Blue, Or Black, Or An All-white Option
- Balloon Size: D1100*H860 Or Customized
- Input Voltage: 90~305Vac
- Power Range: 60W~1400W

Product Description

Balloon Light 800W Industrial Tower Light for Outdoor Working

The ETL Balloon Light, featuring an 800W Industrial Tower Light, is perfect for outdoor work settings. This light tower offers reliable and powerful illumination, guaranteeing optimal visibility and productivity in various outdoor industrial environments.

Product Features

Filter protection: Prevents the entry of mosquitoes, dust, and debris, guaranteeing peak performance and extended lifespan.

360-degree lighting: Delivers comprehensive area coverage.

Non-glare light: Provides soft, diffused illumination and is lightweight for easy portability.

Energy-efficient: $\geq 160\text{lm/W}$ with low power consumption.

Dimmable lighting: Features adjustable brightness via a control knob or remote; includes an on-off switch.

Quick setup: Includes a foldable tripod and cover for effortless assembly.

Balloon material: IP65 waterproof, translucent, UV-resistant, and flame-retardant fabric.

Product Parameter

Item No.	YXR-BL-800W-A
Power	800W
Input Voltage	AC90-305V
Lumen(lm)	128000
Weight(kg)	19.5
Inflated Dimension	D900*H710
Light Efficacy	160 \pm 5% lm/W
CCT	5000K or 3000K
CRI	$\geq 70\text{Ra}$
LED Chips	Lumileds 2835
LED Driver	Inventronics
PF	≥ 0.95
Dimming Control Mode	Knob switch or Remote control
Remote Control Distance	60m
Life Span	≥ 50000 hrs
IP Grade	IP65
Cable Length(m)	10
Tripod Height(min-max)	1.62~3.8m
Tripod Collapsed Height	1.8m
Tripod Footprints	1.4m
Tripod Weight	11.5kg

Product Details

Inflatable LED Balloon Light
 150W~1400W, wide area coverage with 360°illumination
 High Efficiency 160lm per watt
 NO stroboscope; No Glare; Easy Set; Vehicle-used; Dimmable; Rapid; Heat-dissipation; Diffused Light

1000W Illumination; Lumen up to 160000m;
 Illumination range up to 6400 m² (Light on the tripod at 4.8m)

Filtration device

Prevents mosquitoes, insects, dust, and other debris from entering the lamp to ensure optimal performance and a longer lifespan. Effectively filter out dust and insects

Dimmable; Remote control distance up to 60m, as well as with Brightness adjustment knob

Self-Inflating Balloon
Made of tear-resistant rip-stop fabric, offers 360-degree free lighting and inflates with one switch.

Coated rip-stop nylon material; 100% nylon composition; Seams stitched in a zigzag pattern; Durable water repellent (DWR), and additional UV and fire-resistant (FR) coatings

Brand Lumileds High Brightness LED Chips
Low decay, longer span life.

World famous brand Inventronics or Moso LED driver;
Good stability, high efficiency, flicker free, anti-surge.

Ventilation holes

Facilitate efficient heat dissipation preventing overheating, extend the lifespan, enhance performance, ensure safety.

IP65 waterproof, sand proof, UV resistant, flame retardant.

Applications

Widely used in Film Shooting, Road Construction and Maintenance, Camping, Parties and Special Events, Forensic Lighting, Construction, Search and Rescue, Landscaping, Emergency Repairs, Fire & Rescue, Temporary Lighting, Outdoor Activities, Disaster Relief, Farming and Agriculture, Flagger Stations, Law Enforcement Support, Mining.

PRODUCTION SITE

Balloon lights offer several advantages:

Even Illumination: The diffused light from balloon lights provides a uniform and glare-free illumination, reducing shadows and enhancing visibility in all directions.

Portability: Lightweight and easy to transport, balloon lights can be quickly set up and moved to different locations as needed.

Versatility: Suitable for a wide range of applications including construction sites, events, emergency situations, and outdoor activities.

Energy Efficiency: Many balloon lights use energy-efficient LED technology, which consumes less power and has a longer lifespan compared to traditional lighting.

Safety: The soft, diffuse light reduces eye strain and minimizes the risk of accidents by improving overall visibility. **Durability:** Designed to withstand harsh conditions, balloon lights are often weather-resistant and durable, making them ideal for outdoor use.

Quiet Operation: Many balloon lights operate silently, making them suitable for events and environments where noise reduction is important.

Aesthetic Appeal: The design of balloon lights adds an elegant touch to events and special occasions, enhancing the ambiance with their soft, glowing light.
