

## 100W LED Tower Light 3000K 5000K Colorful Led Balloon Lamp For Events Decoration

Our Product Introduction

for more products please visit us on [ushineraylight.com](http://ushineraylight.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: UShineray
- Certification: ETL FCC CE ROHS
- Model Number: YXR-BL-100W-C
- Minimum Order Quantity: 1pcs
- Payment Terms: T/T, Paypal, Western Union

### Product Specification

- Color Temperature(CCT): RGB + 3000K + 5000K
- IP Rating: IP65
- Beam Angle(°): 360°
- CRI (Ra>): 80
- Lamp Luminous Efficiency(lm): 7500 + 13000lm
- Warranty(Year): 5-Year
- Working Lifetime(Hour): 50000
- Support Dimmer: Yes
- Product Name: 100W RGB Led Balloon Light
- Power Option: 60W 100W 120W 150W 200W 320W 500W
- Usage: Camping, Outdoor Events Lighting
- Voltage: AC 90-305V
- Highlight: **100w led tower light, led tower light 3000k, colorful led balloon lamp**

## Product Description

Original Design Tower Light 100W Colorful LED Balloon Lamp for Events Decoration

Elevate your event with this 100W colorful LED balloon lamp. Featuring an original design, this tower light provides stunning illumination and vibrant colors for any event decoration. Its unique style and high performance make it perfect for creating a memorable atmosphere.

### Product Features

**Filter System:** Blocks mosquitoes, dust, and debris to extend lamp longevity.

**Illumination:** Provides 360° wide-area coverage.

**Lighting Quality:** Glare-free, diffused lighting for a smooth light experience.

**Design:** Portable and lightweight for easy handling.

**Performance:** Provides superior color accuracy with a high CRI, ideal for applications requiring true color representation and 130lm/W for efficient lighting and low power consumption.

**Power and Color Adjustable:** Adjustable RGB + CCT colors via remote control or Tuya App, power dimming.

**Ease of Use:** Simple setup with a foldable tripod.

**Durability:** Weather-resistant design with waterproof and UV-resistant properties.

### Product Parameter

Item No.	YXR-BL-100W-C
Power	100W + 100W
Input Voltage	AC90-305V
Lumen(lm)	7500 + 13000lm
Weight(kg)	5.1
Inflated Dimension(mm)	D400*H305 or Ø400
CCT	RGB + 3000~5000K
CRI	≥70Ra
Functions	Color Changing + Dimming
Remote Control Distance	60m
Tuya Control Distance	15m
LED Chips	6060 RGB + CCT
LED Driver	UShineray
PF	≥0.5
Life Span	≥50000 hrs
IP Grade	IP65
Cable Length(m)	5
Tripod Height(min-max)	1.21~2.05m
Tripod Collapsed Height	1.04m
Tripod Footprints	1.2m
Tripod Weight	4.1kg

### Product Details

### INDUSTRY-LEADING QUALITY AND PATENTED DESIGN

-  Aluminum Construction with powder-coated panels on all components.
-  Modular Panels with waterproof lenses for enhanced protection.
-  Built-in Stainless Steel Cage protective cover.
-  Superior IP65 water and dust resistance, UV resistance, and flame retardant for industrial use.
-  Velcro Straps for easy removal of balloon diffuser for cleaning and replacement.

## RGB+CCT

USHINERAY

**60W-500W**

**High CRI  $\geq$  80**

## Portable RGB+CCT LED Balloon Light

Wide area coverage with 360° illumination

**NO Stroboscopic**

**No Glare**

**Easy Setup**

**RGB+CCT**

**Dimmable**

**360° Illumination**

**Rapid Heat-Dissipation**

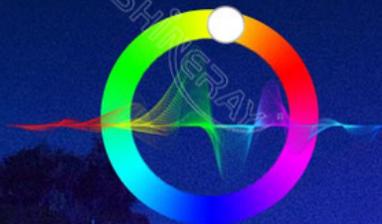

**Diffused Light**

USHINERAY

USHINERAY

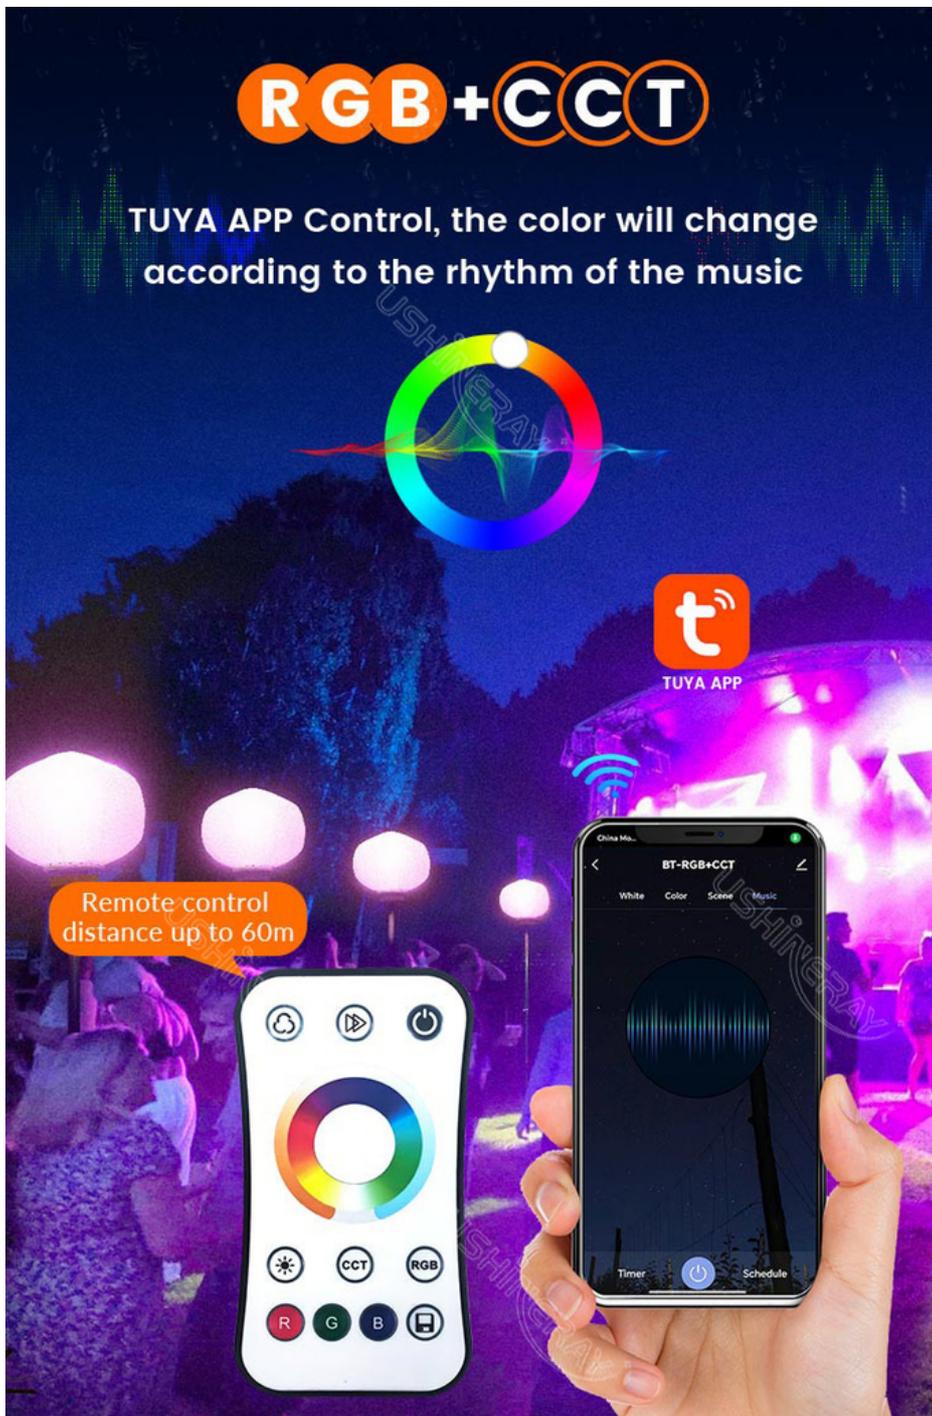

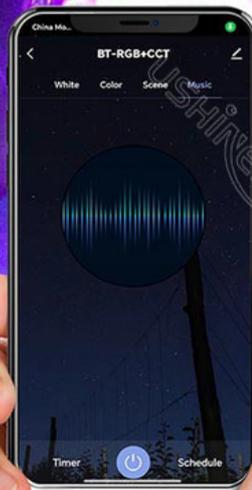

# RGB+CCT

TUYA APP Control, the color will change according to the rhythm of the music

TUYA APP

Remote control distance up to 60m

## Filtration device

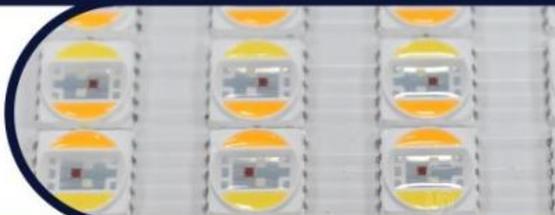

Prevents mosquitoes, insects, dust, and other debris from entering the lamp to ensure optimal performance and a longer lifespan.

Effectively filter out dust  
and insects

### RGBW LED Chips

Brand High Brightness  
6060RGBW LED Chips,  
low decay, longer span  
life.

### Ventilation holes

Facilltate efficient heat dissipa-  
tion, preventing overheating,  
extend the lifespan, enhance  
performance, ensure safety.

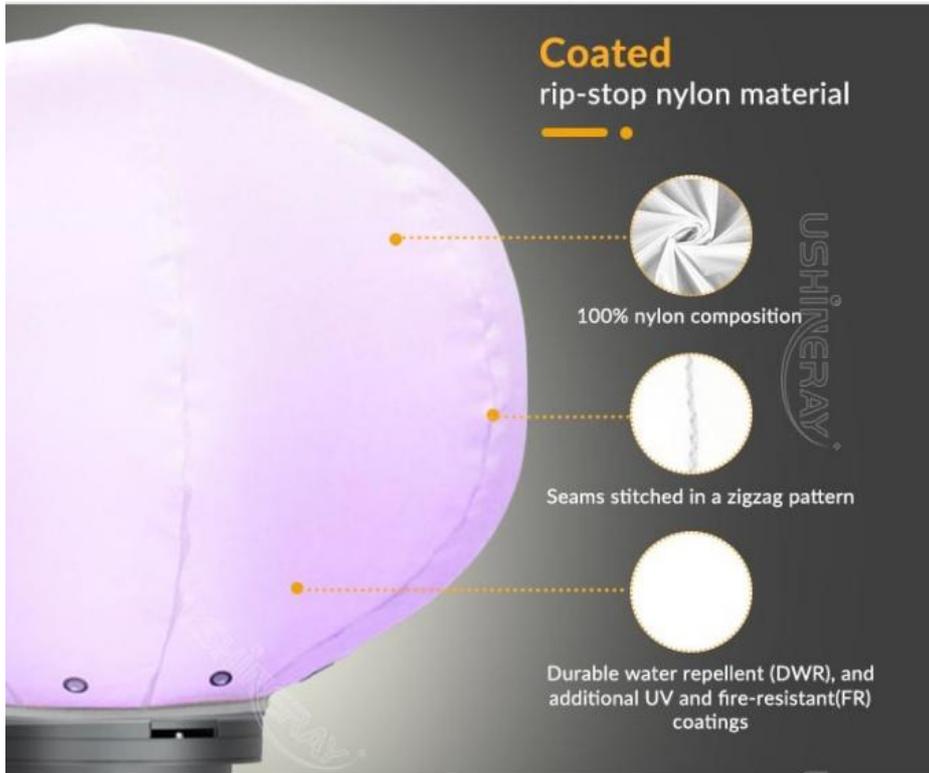

## Self-Inflating Balloon

Made of tear-resistant ripstop fabric, offers 360-degree-free lighting and inflates with one switch.

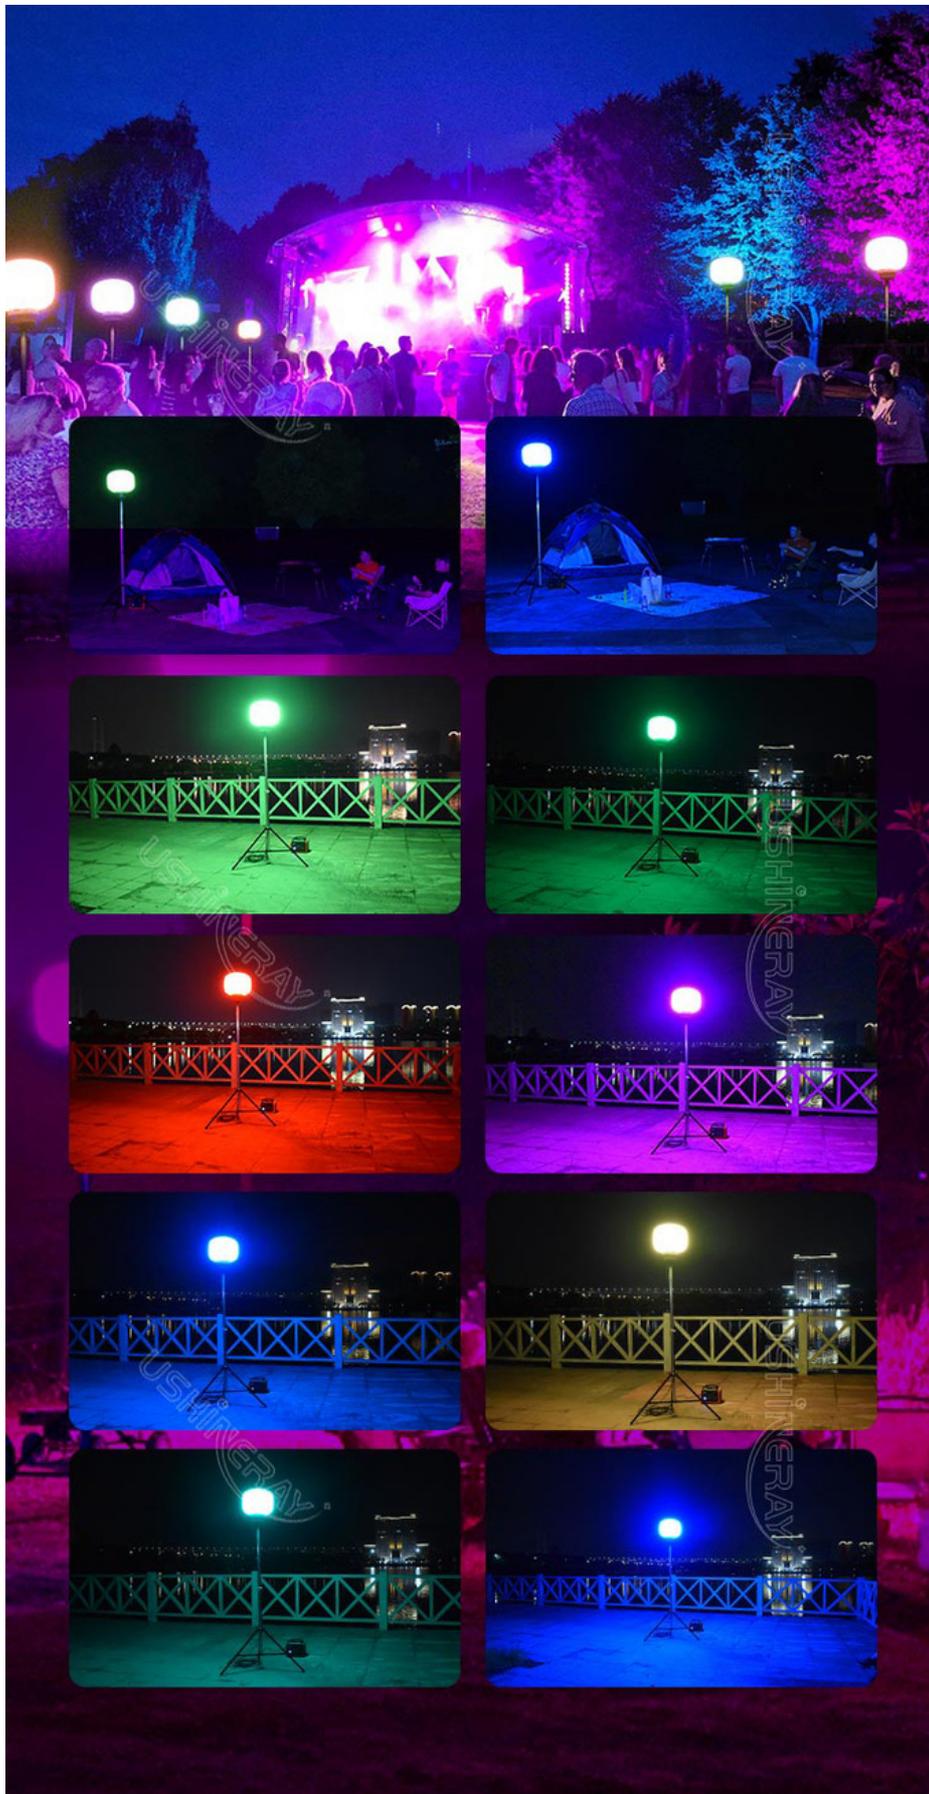

### Coated rip-stop nylon material

### Applications

For outdoor events such as weddings, birthdays, concerts, and festivals, RGB LED Balloon Lights deliver colorful ambiance lighting. They attract attention at commercial exhibitions and trade shows. Perfect for outdoor camps, they offer gentle, wide-area lighting to ensure safety and a pleasant atmosphere.

#### About the diffuser

The diffuser is the most critical component in a balloon lighthouse, in contact with almost all elements attempting to enter the interior of the balloon lighthouse. The sewing quality directly affects the appearance of the balloon lighthouse and its ability to protect internal components.

The diffuser can effectively prevent dust and moisture from damaging internal components, and it is also responsible for the scattered light and glare free lighting effect generated by LED balloon lights. As one of the important components that define the entire LED balloon, the diffuser can be deflated during transportation of the lighting fixture.

Therefore, the material used for the diffuser must have waterproof properties, and its stitching process must also ensure 100%

waterproofing. The shape of a balloon lighthouse is determined by the diffuser, and its stitching method depends on the required shape, usage location, or type of activity.

The shape can be customized. Regardless of shape and size, the diffuser must always maintain its waterproof and moisture-proof properties.
