

4500lm 7800lm Tripod Work Lamp 60W Balloon Light Tower For Events

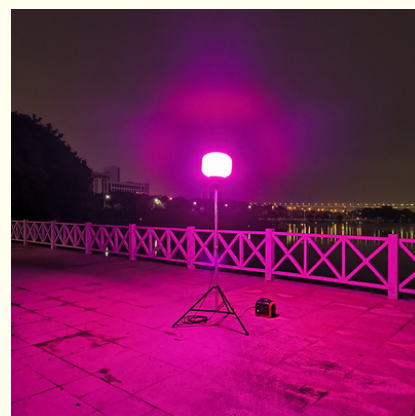

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: UShineray
- Certification: ETL FCC CE ROHS
- Model Number: YXR-BL-60W-C
- Minimum Order Quantity: 1pcs
- Payment Terms: T/T, Paypal, Western Union

Product Specification

- Voltage: AC 90-305V
- Power: 60W
- Product Name: 60W RGB Led Balloon Light
- Lamp Luminous Efficiency(lm): 4500 + 7800
- Color Temperature(CCT): RGB + 3000K + 5000K
- IP Rating: IP65
- Beam Angle(°): 360°
- CRI (Ra>): 80
- Warranty(Year): 5-Year
- Working Lifetime(Hour): 50000
- Support Dimmer: Yes
- Usage: Camping, Outdoor Events Lighting
- Highlight: 7800lm tripod work lamp, tripod work lamp 60w, 60w balloon light tower

Product Description

Fast Setup Tripod Work Lamp 60W RGB LED Balloon Light Tower for Events

Our Fast Setup Tripod Work Lamp with a 60W RGB LED balloon light tower is the perfect lighting solution for events. Featuring a quick and easy setup, this lamp offers 360° illumination, providing consistent and vibrant lighting. The RGB LEDs allow for customizable color settings to match any event theme. Designed for durability, the lamp is water-resistant (IP65), ensuring reliable performance in various weather conditions. The adjustable height tripod adds flexibility to the setup, making it ideal for indoor and outdoor events, parties, and celebrations.

Product Features

Filter Technology: Keeps mosquitoes, dust, and debris out, enhancing lamp durability.

Coverage: Provides 360° wide-area illumination.

Lighting Quality: Glare-free and diffused lighting for comfort.

Design: Portable and lightweight for easy handling.

High CRI Capability: Ensures excellent color rendering with a high CRI, providing true-to-life color visuals.

Lighting Efficiency Rating: High CRI and 130lm/W ensure low power consumption.

Dimming and Color Options: RGB + CCT colors changing as well as power dimmable with remote or Tuya App.

Setup Convenience: Easy assembly with a foldable tripod.

Weatherproof: Balloon is waterproof, UV-resistant, and flame-retardant.

Product Parameter

Item No.	YXR-BL-60W-C
Power	60W + 60W
Input Voltage	AC90-305V
Lumen(lm)	4500 + 7800
Weight(kg)	5
Inflated Dimension(mm)	D400*H305 or Ø400
CCT	RGB + 3000~5000K
CRI	≥70Ra
Functions	Color Changing + Dimming
Remote Control Distance	60m
Tuya Control Distance	15m
LED Chips	6060 RGB + CCT
LED Driver	UShineray
PF	≥0.5
Life Span	≥50000 hrs
IP Grade	IP65
Cable Length(m)	5
Tripod Height(min-max)	1.21~2.05m
Tripod Collapsed Height	1.04m
Tripod Footprints	1.2m
Tripod Weight	4.1kg

Product Details

60W-500W

High CRI ≥ 80

Portable RGB+CCT LED Balloon Light

Wide area coverage with 360° illumination

NO Stroboscopic

Easy Setup

Dimmable

Rapid Heat-Dissipation

No Glare

RGB+CCT

360° Illumination

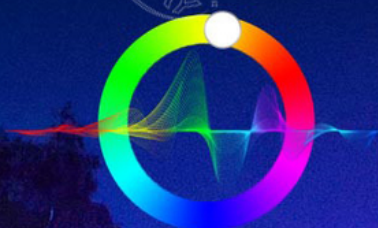

Diffused Light

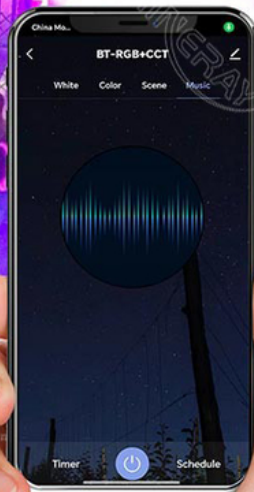

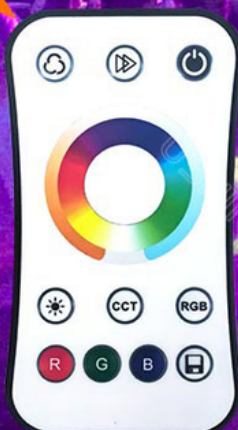

RGB+CCT

TUYA APP Control, the color will change according to the rhythm of the music

TUYA APP

Remote control distance up to 60m

Filtration device

Prevents mosquitoes, insects, dust, and other debris from entering the lamp to ensure optimal performance and a longer lifespan.

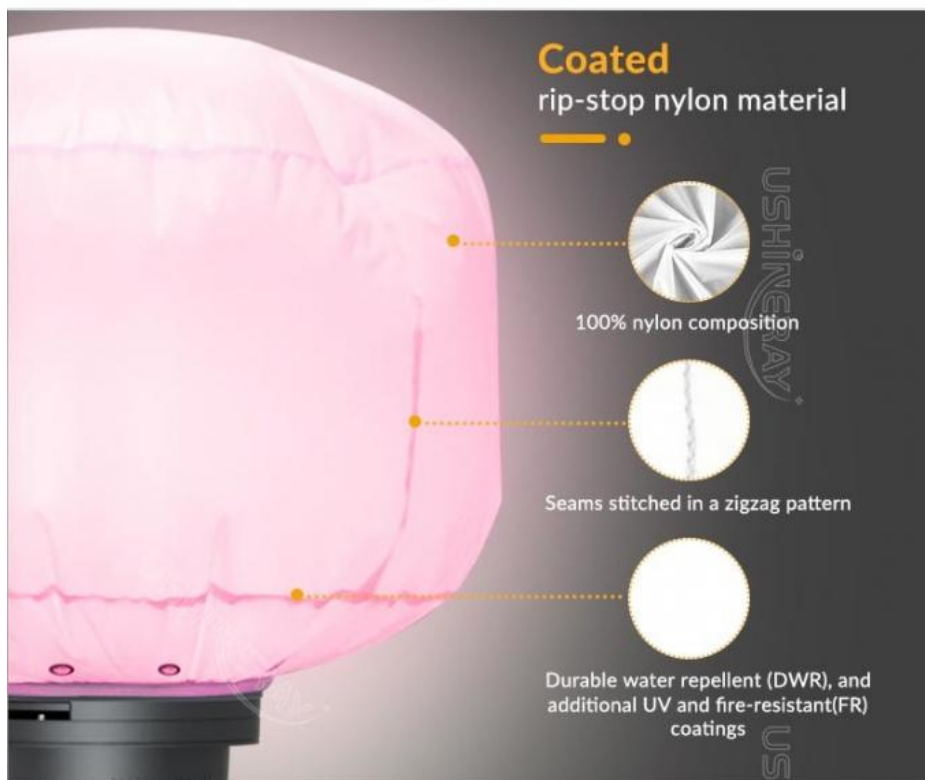

Effectively filter out dust
and insects

Self-Inflating Balloon

Made of tear-resistant ripstop fabric, offers 360-degree
-free lighting and inflates with one switch.

INDUSTRY-LEADING QUALITY AND PATENTED DESIGN

Aluminum Construction with powder-coated panels on all components.

Modular Panels with waterproof lenses for enhanced protection.

Built-in Stainless Steel Cage protective cover.

Superior IP65 water and dust resistance, UV resistance, and flame retardant for industrial use.

Velcro Straps for easy removal of balloon diffuser for cleaning and replacement.

RGBW LED Chips

Brand High Brightness 6060RGBW LED Chips, low decay, longer span life.

Ventilation holes

Facilitate efficient heat dissipation, preventing overheating, extend the lifespan, enhance performance, ensure safety.

Balloon Light Tripods

Applications

RGB LED Balloon Lights are ideal for outdoor events like weddings, birthdays, concerts, and festivals, offering vibrant ambiance lighting. They draw attention at commercial exhibitions and trade shows. Perfect for outdoor camps, they provide soft, wide-area illumination, ensuring safety and comfort.

Company Profiles

PRODUCTION SITE

The importance of ensuring stability when using a balloon lighthouse. Just as no house can be built on unstable land, a balloon lighthouse also requires a flat and solid foundation to prevent tilting or collapsing. Here are some key points summarized:

1. Choose a suitable location: Look for areas without bumps, slopes, or any unevenness to ensure the stability of the lighthouse.
2. Use of tripod: Ensure that the legs of the tripod are fully extended and locked to provide necessary support.
3. Check fixation: Ensure that the LED balloon light is firmly fixed on the tripod and tighten all screws and knobs to enhance stability.

By following these steps, you can use the balloon lighthouse with confidence and avoid accidents during use.
