

## 1000W LED Balloon Lighting Tower IP65 5000K for Roadworks

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: UShineray
- Model Number: YXR-BL-1000W-A
- Minimum Order Quantity: 2
- Price: \$915.98-1,309.85

### Product Specification

- Color Temperature: 5000K
- IP Rating: IP65
- Beam Angle: 360°
- Input Voltage: AC90-305V
- Luminous Efficiency: 160 Lm/w
- Luminous Flux: 165000 Lm
- Color Rendering Index: 70 Ra
- Power Range: 1000W-1400W
- Working Hours: 50000
- Tripod Height: 2m
- Material Composition: Aluminum + Steel + PC + Fabric
- LED Chips: Lumileds 2835
- LED Driver: MOSO/Iventronics
- Inflated Dimension: D110\*H85
- Light Source: LED

Product Description

Factory Outdoor Tower Balloon Lights

Professional-grade portable lighting solution with high wattage brightness, designed for roadworks, night shifts, and emergency rescue operations.

Key Specifications

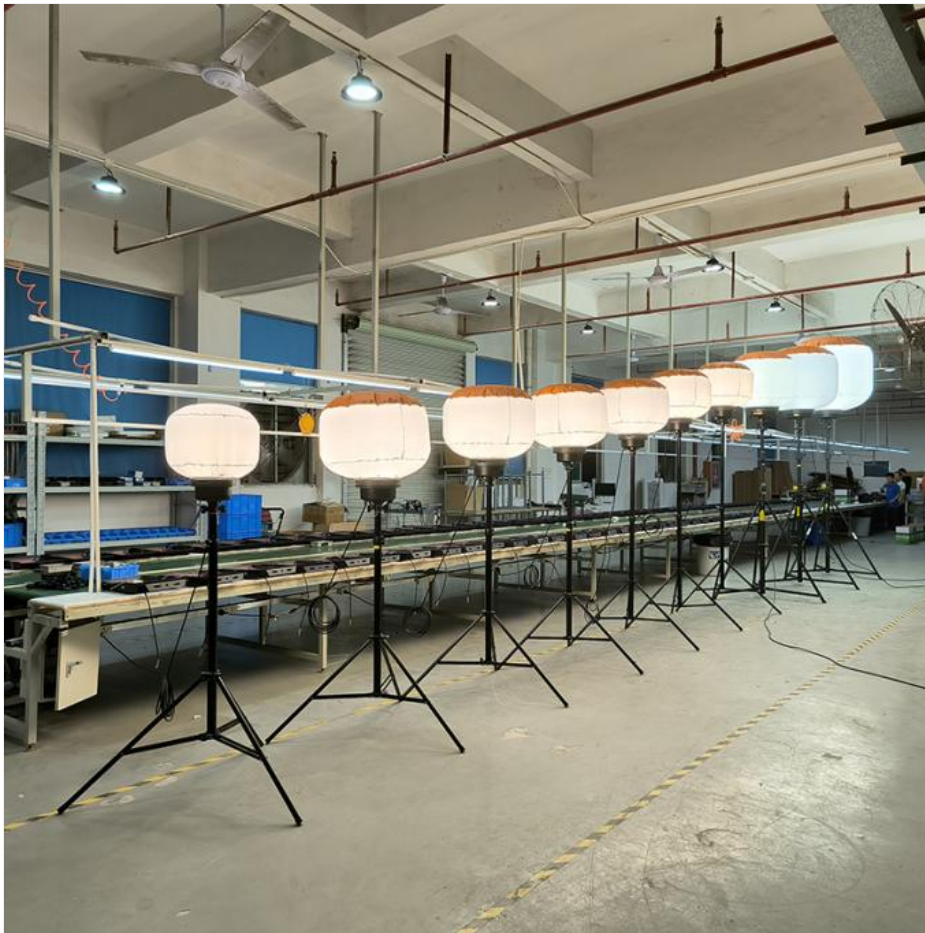

| Attribute               | Value                          |
|-------------------------|--------------------------------|
| Color Temperature (CCT) | 5000K                          |
| IP Rating               | IP65                           |
| Beam Angle              | 360°                           |
| Input Voltage           | AC90-305V                      |
| Luminous Efficiency     | 160 lm/w                       |
| Luminous Flux           | 165000lm                       |
| Warranty                | 5-Year                         |
| Working Hours           | 50,000                         |
| Power Range             | 1000W-1400W                    |
| Material                | Aluminum + Steel + PC + Fabric |

Product Features

- Power dimmable with foldable tripod and cover
- Lightweight and portable design for easy quick setup
- Glare-free diffused light with 360° illumination
- High efficiency ≥160lm/W with low power consumption
- Weather-resistant construction with IP65 rating
- Extended lifespan > 50,000 hours
- Waterproof, translucent, anti-UV, flame-retardant balloon material
- Built-in air filter prevents insects and dust
- On-off button switch for convenient operation

### Technical Specifications

| Model   | Power | Lumen (LM) | Inflated Dimension | CCT   | CRI   | LED Chips     | LED Driver | Input Voltage | IP   |
|---------|-------|------------|--------------------|-------|-------|---------------|------------|---------------|------|
| 150W-A  | 150W  | 24000lm    | D60*H40            | 5000K | ≥70Ra | Lumileds 2835 | MOSO       | AC100-277V    | IP65 |
| 200W-A  | 200W  | 32000lm    | D60*H40            |       |       |               |            |               |      |
| 1000W-A | 1000W | 165000lm   | D110*H85           |       |       |               |            |               |      |

### Detailed Images

## Packing Information

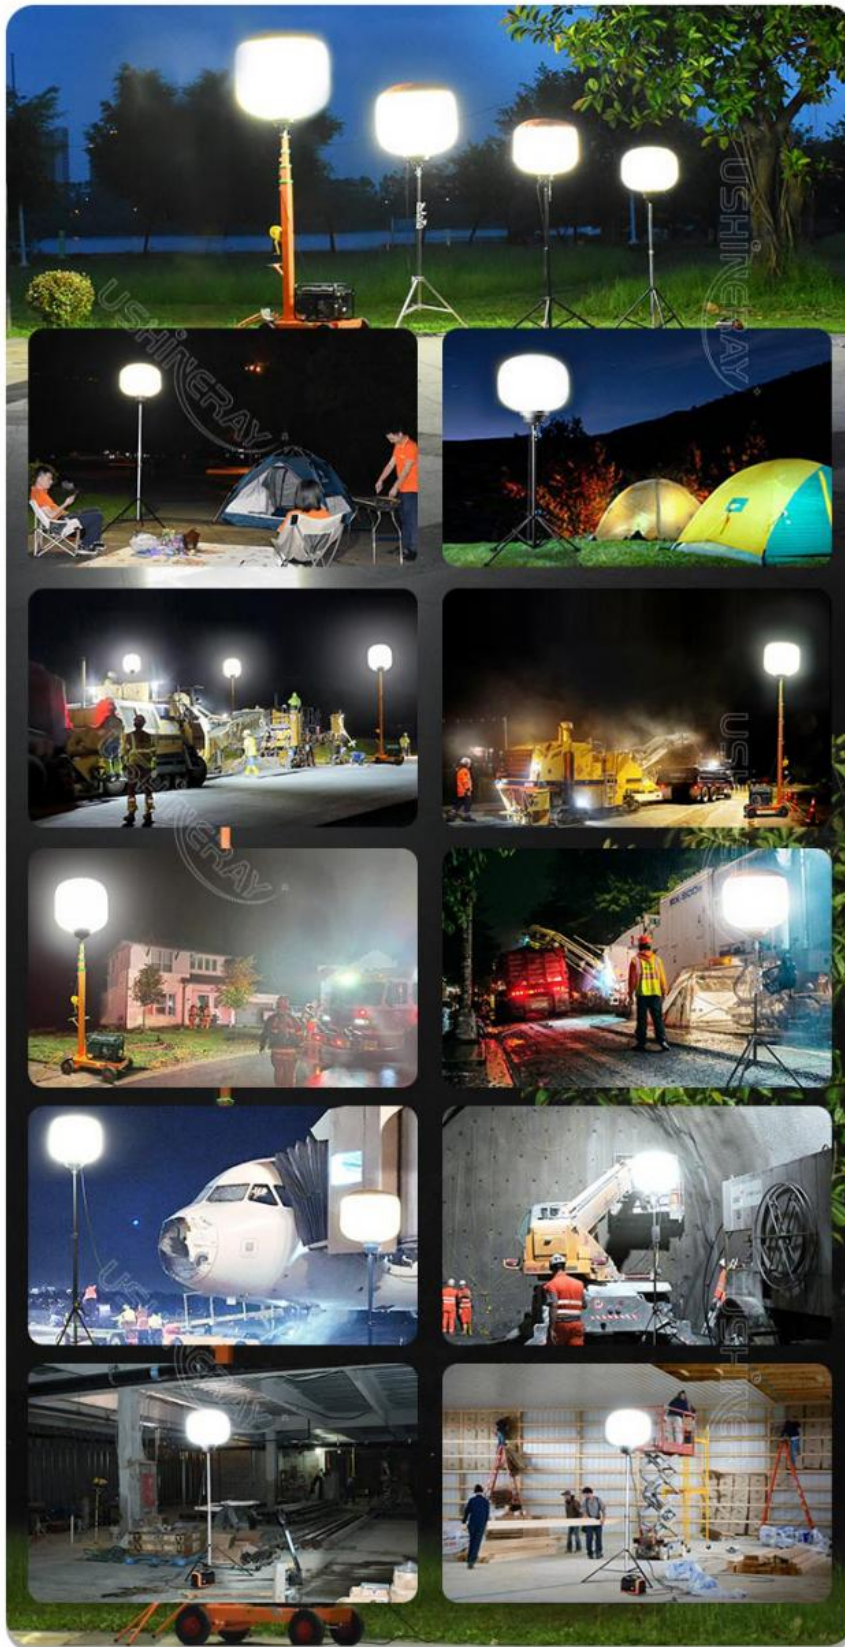

### **Applications**

Our portable tripod 360° illumination balloon lights are widely used for:

- Construction sites and mining operations
- Roadworks and temporary work lighting
- Emergency rescue operations
- Exhibitions, parties, and weddings
- Nighttime events and outdoor activities

## Frequently Asked Questions

### Are you a manufacturer?

Yes, we have our own factory with over 10 years R&D and manufacturing experience based on ISO quality management since 2011.

### Do you have any MOQ limit for LED light orders?

No MOQ, 1pc for sample checking is available.

### Can I get a lower price for large quantity orders?

Yes, please check with our sales staff for details.

**What is your lead time?**

Standard lead time for samples is 3-5 days, and normal order lead time is 7-10 days. For large orders, please check with our sales team.

**Do you provide OEM and ODM services?**

Yes, we can provide OEM and ODM products with customized labeling on the product and carton box, or laser printed logos on the lamp fixture.
