Basic Information

Product Specification

- Ip Rate: IP65 Waterproof
- Color Temperature: 5000K
- Inflation Time: 5 Minutes
- Led Chip: Lumileds 2835
- Usage: Emergency Rescue
- Feature: Omni Illumination
- Inflated Size: 10ft
- Power Supply: AC/DC
- Highlight: **LED balloon light tower 5000K, emergency rescue LED light, generator support LED balloon**

Product Description

Product Description:

Introducing our innovative LED lighting balloon tower, designed to bring a whole new level of illumination to your events and gatherings. This cutting-edge product incorporates the latest technology, including Lumileds 2835 LED chips, to deliver powerful and efficient lighting. The standout feature of our LED lighting balloon tower is its Omni Illumination capability. This unique design ensures that light is evenly distributed in all directions, creating a stunning visual impact that will impress your guests.

Standing at an impressive 10ft when inflated, this LED light balloon tower commands attention and provides ample lighting coverage for a variety of settings. Whether you're hosting a party, wedding, corporate event, or any other occasion, this tower will be a striking addition to the ambiance.

With a remote control distance of 60m, you have the flexibility to adjust the lighting settings from a distance, making it easy to create the perfect atmosphere. The convenience of remote control allows you to fine-tune the brightness and lighting effects without having to physically interact with the tower.

One of the key benefits of our LED lighting balloon tower is its dimmable feature. With 4-level dimming options, you can easily customize the brightness to suit your specific requirements. Whether you prefer a soft, ambient glow or a brighter, more vibrant light, this tower can be adjusted to meet your preferences.

Perfect for both indoor and outdoor use, our LED lighting balloon tower is a versatile lighting solution that will enhance any environment. Its durable construction ensures long-lasting performance, while the energy-efficient LED chips provide cost-effective lighting that is both eco-friendly and economical.

Transform your space with the mesmerizing glow of our LED lighting balloon tower. Whether used as a focal point, ambient lighting, or decorative element, this tower will elevate the aesthetic appeal of any setting. Create a memorable experience for your guests and make a statement with our stunning LED light balloon tower.

Features:

Product Name: LED Balloon Light Tower

Collapsed Size: 3ft

Led Chip: Lumileds 2835

Usage: Emergency Rescue

Lumen: 224000lm

Generator: Support

Technical Parameters:

Color Temperature	5000K
Inflated Size	10ft
Led Chip	Lumileds 2835
Dimmable	4-Level Dimming
Power Supply	AC/DC
Collapsed Size	3ft
Generator	Support
Feature	Omni Illumination
Ip Rate	IP65 Waterproof

Applications:

The LED Illuminated balloon tower is a versatile lighting solution suitable for a variety of applications and scenarios. With its collapsible design that shrinks to a compact 3ft size, this LED light balloon tower is highly portable and easy to transport, making it ideal for outdoor events, construction sites, emergency situations, and more.

Powered by both AC and DC sources, this LED light balloon tower offers flexibility in power supply options, ensuring continuous illumination in any location. Its impressive lumen output of 224000lm provides bright and uniform lighting, making it perfect for large outdoor areas, parking lots, sports events, and night-time activities.

The quick inflation time of just 5 minutes allows for rapid deployment of the LED light balloon tower, saving time and effort during setup. Once inflated, the tower reaches a height of 10ft, offering increased visibility and coverage for various lighting needs.

Whether used for outdoor parties, camping trips, road construction projects, or as temporary lighting for outdoor venues, the LED light balloon tower proves to be a reliable and efficient lighting solution. Its durable construction and weather-resistant design make it suitable for use in different weather conditions, ensuring consistent performance even in challenging environments.

Overall, the LED light balloon tower is a practical and effective lighting option that caters to a wide range of product application occasions and scenarios, providing bright and energy-efficient illumination wherever it is needed.

Customization:

Explore our product customization services for the LED balloon lighting tower to meet your specific needs. Customize your LED Illuminated balloon tower with the following attributes:

- Led Chips: Lumileds 2835
- Collapsed Size: 3ft
- Color Temperature: 5000K
- Ip Rate: IP65 Waterproof
- Application: Jobsite Lighting
