Basic Information

Product Specification

- Application: Jobsite Lighting
- Collapsed Size: 3ft
- Usage: Emergency Rescue
- Led Chips: Lumileds 2835
- Generator: Support
- Power Supply: AC/DC
- Color Temperature: 5000K
- Led Chip: Lumileds 2835
- Highlight: **LED balloon light tower waterproof, jobsite lighting IP65 rated, collapsed 3ft LED light tower**

Product Description

Product Description:

The LED Balloon Light Tower is a versatile and portable lighting solution that combines the convenience of a balloon light with the efficiency of LED technology. This innovative product is perfect for a wide range of applications, from outdoor events and construction sites to emergency situations and recreational activities.

One of the key features of the LED Balloon Light Tower is its remote control functionality, allowing users to conveniently adjust the lighting settings from a distance of up to 60m. This makes it easy to customize the illumination level to suit different environments and requirements, ensuring optimal visibility and safety.

When not in use, the LED Balloon Light Tower can be collapsed to a compact size of 3ft, making it easy to transport and store. This collapsible design enhances the portability of the product, allowing users to set it up quickly and efficiently wherever it is needed.

The LED Balloon Light Tower is equipped with 4-level dimming capabilities, giving users the flexibility to adjust the brightness of the light to their preference. Whether you need a soft ambient glow or a bright, focused beam, this product can deliver the right level of illumination for any situation.

Setting up the LED Balloon Light Tower is quick and effortless, with an inflation time of just 5 minutes. The included pump makes it easy to inflate the balloon, allowing you to start using the light tower in no time. This efficient setup process ensures that you can quickly illuminate your surroundings without any hassle.

With an IP65 waterproof rating, the LED Balloon Light Tower is designed to withstand outdoor conditions and provide reliable performance in various weather conditions. Whether it's raining, snowing, or dusty, this product is built to endure the elements and deliver consistent lighting performance when you need it most.

Overall, the LED Balloon Light Tower is a versatile and reliable lighting solution that offers convenience, flexibility, and durability. Whether you're organizing an outdoor event, working on a construction site, or preparing for emergencies, this LED illuminated balloon tower is a valuable addition to your lighting equipment.

Features:

Product Name: LED Balloon Light Tower

Led Chips: Lumileds 2835

Dimmable: 4-Level Dimming

Usage: Emergency Rescue

Ip Rate: IP65 Waterproof

Power Supply: AC/DC

Technical Parameters:

Inflation Time	5 Minutes
Led Chip	Lumileds 2835
Power Supply	AC/DC
Inflated Size	10ft
Feature	Omni Illumination
Remote Control Distance	60m
Usage	Emergency Rescue
Ip Rate	IP65 Waterproof
Application	Jobsite Lighting

Applications:

The LED Balloon Light Tower is a versatile and efficient lighting solution suitable for a wide range of applications and scenarios. With an inflation time of just 5 minutes, this innovative product offers quick and easy setup, making it ideal for emergency situations, outdoor events, construction sites, and more.

Equipped with high-quality Lumileds 2835 LED chips, the LED balloon light tower delivers bright and uniform illumination, ensuring excellent visibility in various environments. Whether used for night-time construction work, outdoor concerts, or sporting events, this product provides reliable and energy-efficient lighting.

Thanks to its AC/DC power supply compatibility, the LED balloon light tower can be easily connected to different power sources, offering flexibility and convenience. Additionally, with support for a generator, this lighting solution can operate independently in remote locations or areas without access to traditional power outlets.

When not in use, the LED balloon light tower can be collapsed to a compact size of 3ft, making it easy to transport and store. This feature enhances the portability of the product, allowing for seamless deployment in various settings.

Overall, the LED balloon light tower is a practical and reliable lighting solution that excels in different application occasions and scenarios. Its quick setup, high-quality LED chips, versatile power supply options, and collapsible design make it an essential tool for illuminating outdoor spaces, construction sites, emergency situations, and more.

Customization:
